Dear parents and students,

Previous and current students have shown interest in areas of studies UK's universities offers and the opportunity of speaking to members of those departments, current students and seeing the facilities available to students during their studies would be a life changing experience for our students. This would give them the opportunity to see other facilities such as accommodation, library and more would be a career changing experience.

Through guidance and keeping our students well informed, through this experience, they would obtain invaluable insight into courses, facilities, local area, cost and funding opportunities, which would enable them, make conscientious decisions regarding their future educational objectives.
